## TROUBLE SHOOTING

Our high-qualified customer services team is waiting to hear from you and answer any of your questions 24 hours a day and 7 days a week. We are happy to receive your message about the problems you met so that we can help you to get out of the trouble. You can contact us through email.

**US: Support\_us@onoayo.net**

**Q: Where can I find the instructional videos on how to set up the projector?**

A: We have prepared detailed operation videos on YouTube, which contains almost every step of operating the projector, like wifi connection, wired connection and so on. Just search "Onoayo" on YouTube and you will find it.

**Q: I received the projector but it has no remote control. Could you send it to me?**

A: If the product you receive is missing any accessories, please let us know what accessory do you miss. We will send them to you as soon as possible.-Just contact us via our e-mail:

**US: Support\_us@onoayo.net**

**Q: I can't find the focus ring on the projector,how can I adjust the focus?**

A: This mini projector support electric-focus with remote control, just need to press the " "or"  " on the remote.

Note: Projector and screen/wall must be in effective distance.

**Q: The remote control is unresponsive.**

A: ① Make sure remote points at IR receiver directly.

② Do not cover IR receiver.

③ Make sure you have put the battery in,this remote control does not come with batteries.

**Q: My projector and smartphone are connected to the same WiFi, but when I want to do screen mirroring, the projector's name is not detected.**

A: ① Please initialise the projector and reconnect it to your smartphone.

② Please disconnect from the connected network and enter the password again to connect.

③ Try connecting the smartphone and the projector to the Internet once using a hotspot.If the above methods do not solve the problem, please contact the customer service.

**Q:I can't connect the with my sound bar. How should I fix this problem?**

A:① Please make sure you followed our operation steps correctly. And makesure your sound bar has not connected to any other Bluetooth devices.

② Since there are so many different kinds of Bluetooth speakers on the market. There do have some speakers not compatible with our projector. This is a problem all the projectors on the market are facing and working to improve.Please email us for further instructions.

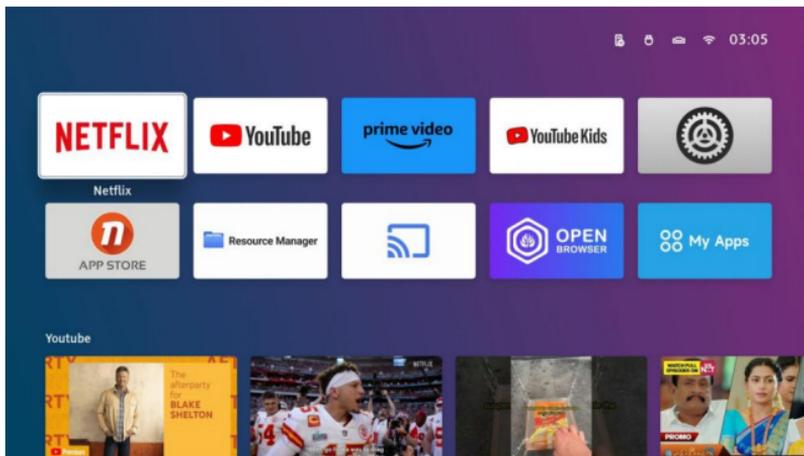

**Q: I contact the customer service team as suggested, but has not received any reply. Why?**

A:We promise that we will reply to all the emails within 24 hours.If you haven't received any reply from us more than one day,then maybe our emailhas been blocked or has gone to the spam email box.Please email us again or contact us via whatsapp.(Refer to "CONTACT US"part)

## OSD SETTING INSTRUCTIONS

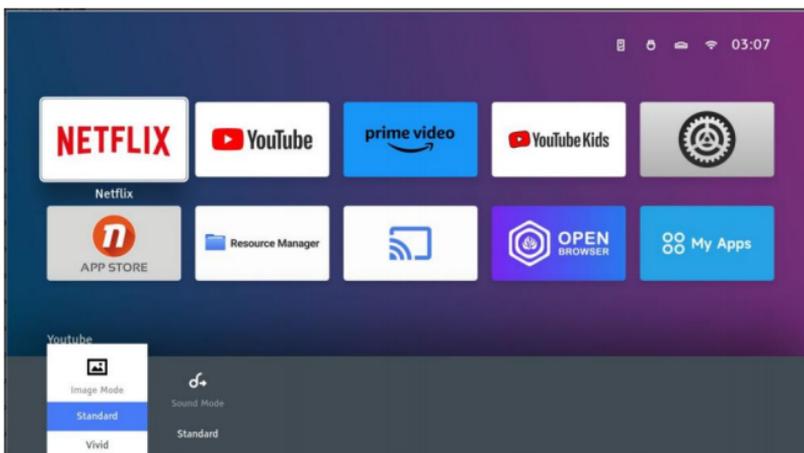

### Home Menu

Unable to exit the application normally due to network issues , you can press the 🏠 button to return to the home page.

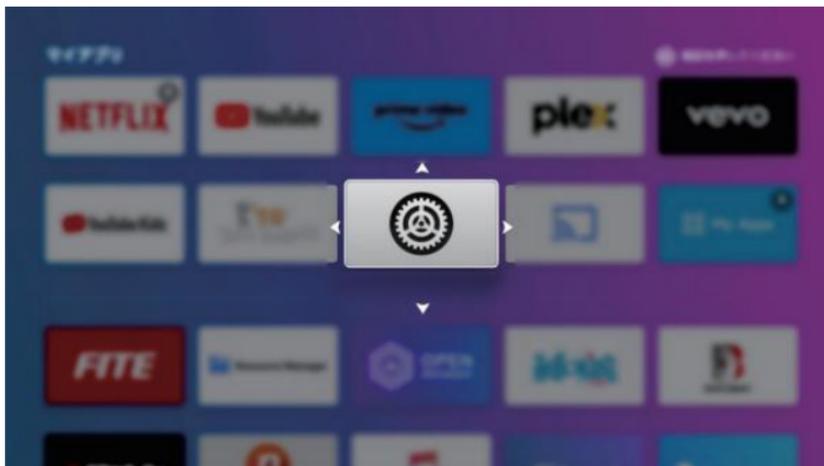

### Access the Shortcut Menu

Press the shortcut menu button on the remote, a shortcut menu appears below. You can quick access to common settings such as adjust image quality, sound quality and fast keystone correction.

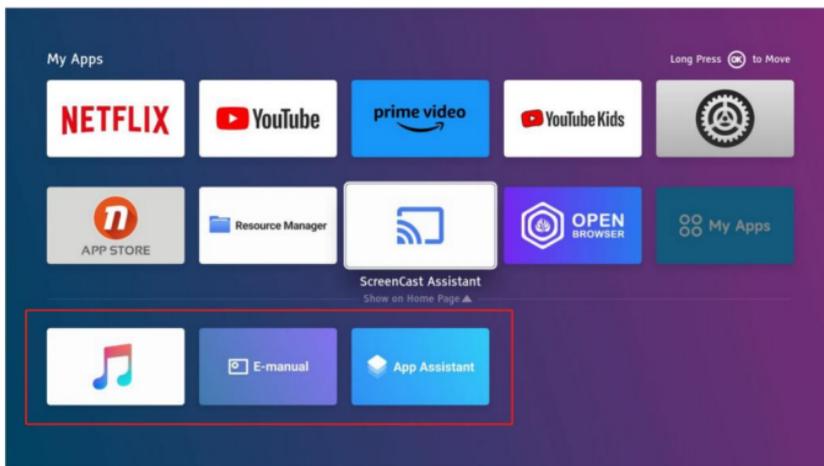

## Customize Your Home Page

Press and hold the OK button on the remote control to enter the application icon moving mode. You can rearrange frequently used icons according to your preference.

## My App

## **E-Manual**

You can view the E-Manual of this product by accessing [E-Manual] through [My Apps] on the homepage. Don't worry if you can't find paper instructions.

## **Bluetooth Speaker Mode**

Click the [music] icon, after pairing a smartphone with the projector (Device name: ONO3 Pro via Bluetooth), you can use the projector as a speaker to play music.

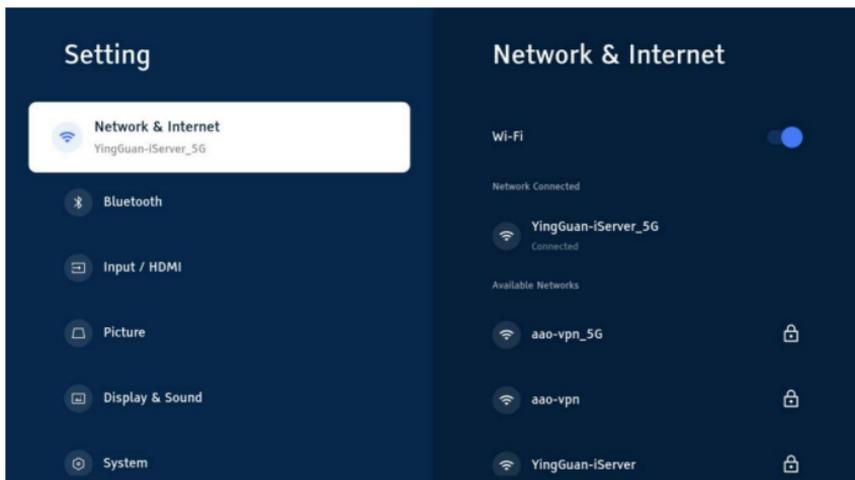

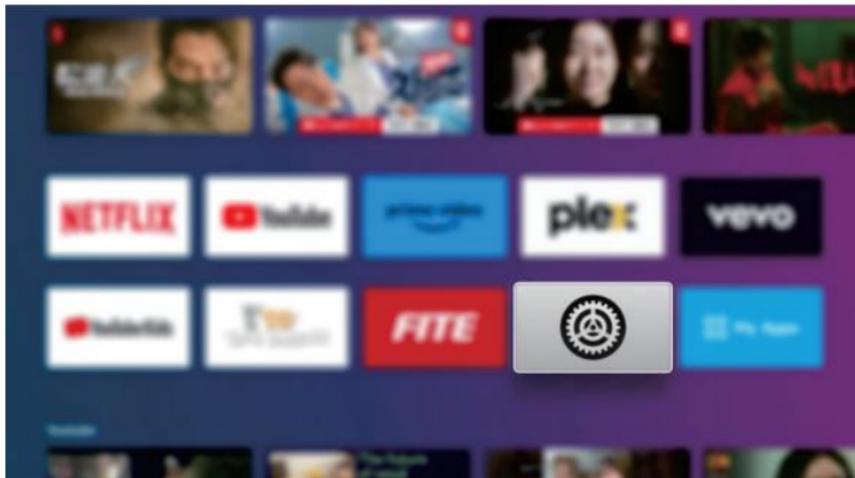

Note: If you want to turn off the display, press the power button on the remote and select the option to turn off the display.

## **App Assistant**

Click the [App Assistant] and you can go down in the additional movie watching apps.

## Settings Menu

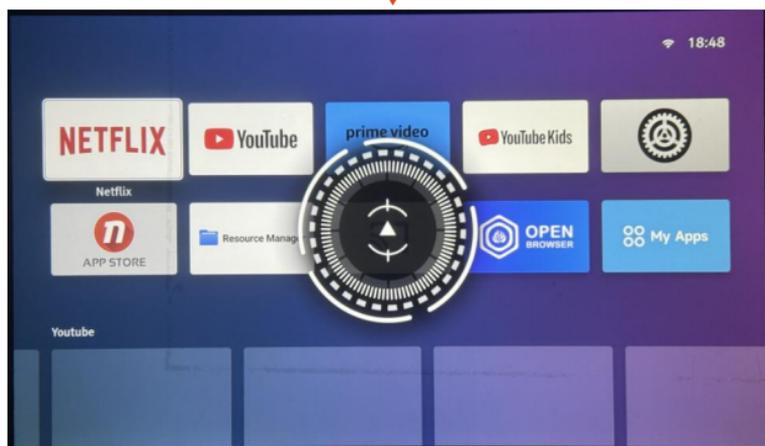

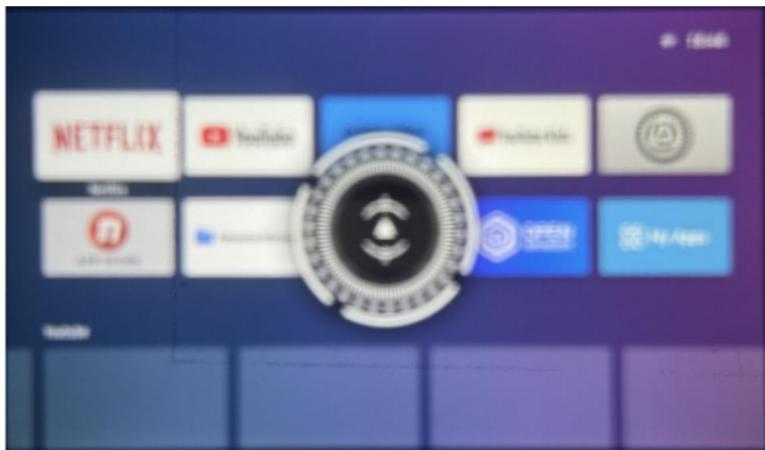

Click  to enter the setting interface of the projector, in this interface, you can modify the relevant setting parameters of many kinds of projectors.

## PROJECTOR IMAGE SETTINGS

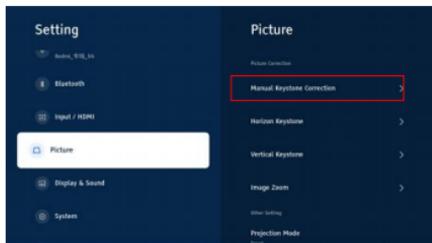

### Electric Focus

When the projector's image is blurry, press the "  "and"  "button on the remote to adjust focus accordingly. You can press and hold the button to bring the projector to a near-sharp picture, and then press the button shortly to achieve the clearest picture.

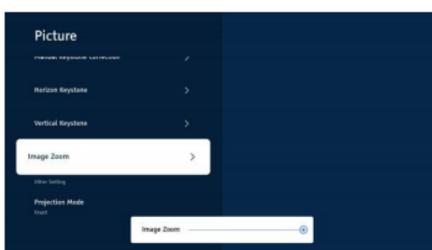

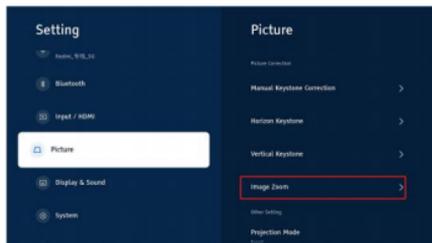

## 4P Keystone Correction

Go to the Picture Setting-Manual Keystone Setting, Press "OK" button to go to the 4P Keystone Correction Setting Page. Press the arrow keys to adjust the 4 corners of the picture and press OK button to skip to the next corners.

## Zoom Fuction

Go to the Picture Setting-Zoom Setting, Press "OK" button to go to the Zoom page, use the ◀ and ▶ buttons on the remote control to zoom in or out from 100%-50%.

## WIRELESS CONNECTIONS

### For Android/Windows/IOS Device

Click [  ], we provide three methods of same screen. Please choose different connection methods according to different devices.

### Note:

- 1.The projector is connected to wifi before the same screen connection.
- 2.Due to copyright issues,IOS devices require the phone and projector to be connected to the same WIFI.
- 3.Make sure your mobile device is close to the projector when using a wireless connection.A distance of 1 meter is recommended.

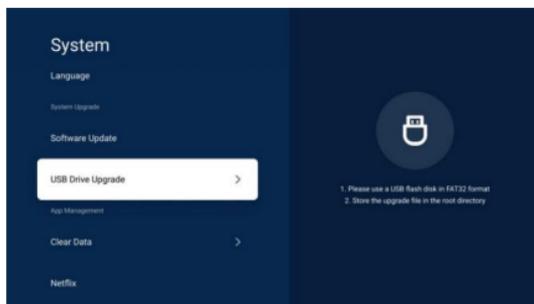

### Warming Tips

- 1.The fluency of screen mirroring with wireless connection will be affected by the network environment.A bandwidth of 100Mbit or more is recommended when using screen mirroring.
- 2.Some mobile devices may not support screen mirroring due to the compatibility.
- 3.Due to the HDCP protocol,all LCD projectors do not support Netflix, Amazon Prime or Hulu when connected wirelessly.
- 4.Any questions,please feel free to email Onoayo via **support\_us@onoayo.net**

## SYSTEM UPDATE

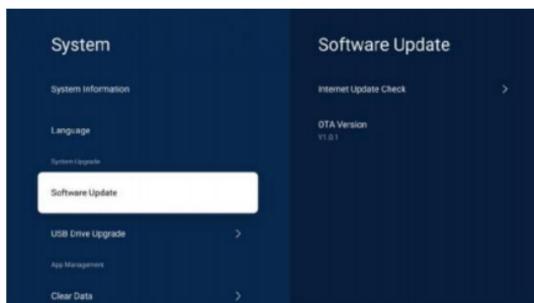

### USB Upgrade

Select Settings->System->USB Drive Upgrade from Home Page and it will automatic do the updating process after few minutes.

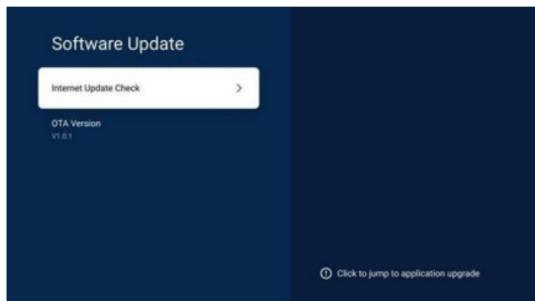

### OTA Upgrade

① Select Settings -System -System Information to check the software version.

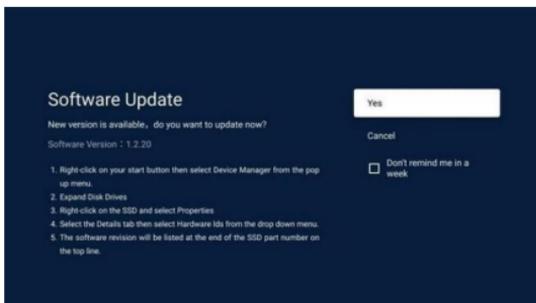

② Select System->Software Update->Internet Update Check to upgrade by Internet.

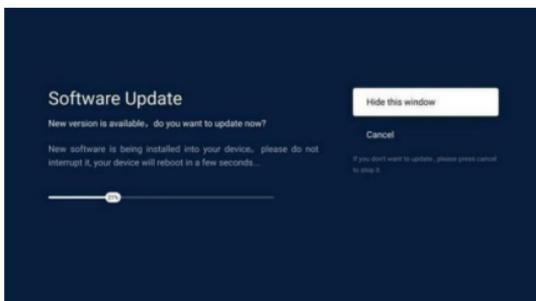

## Optional Upgrade

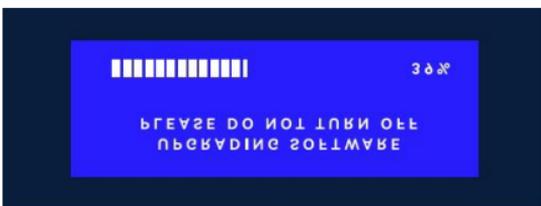

- ① If new version software is available, it will show as below, user can select Yes to download the software or Select Cancel to exit this page (This is the Optional Upgrade Page, the user can select upgrade or not.)

- ② Select Yes to download the software, UI will show as below.

- ③ After a few minutes, projector will reboot and do the updating process.
